

Team Schedules and Bracket Schedules for Debate and Bible Quiz

Students should work to do their individual performances around these times. If students see a conflict with other schedules, they should work with judges to adjust in areas that are individual performances to avoid delaying rounds for team competitions, but please note that delays still must fit within the time scheduled for that individual category. The schedule below allows for a 5–10-minute delay, but after that, judges will need to continue with the rounds of debate/Bible quiz/spelling, which may cause a team/person to forfeit. Forfeiture may also happen in chess if students do not report conflicts to the chess master or if the delay is too long and holds up the tournament. GSACS has worked hard to eliminate as many conflicts as possible. Bible Quizmaster is Alison Watson. Debate Lead Judge is Rick Mattish.
